

# Sponsors

This joint project between The Endeavour Centre and Ryerson's EcoStudio would not have been possible without the commitment of our sponsors to building a sustainable future through excellence.

## CLIMATE CHAMPION SPONSORS

*Flextron solar modules*

*structural engineering*

*FLEXVOLT cordless tools*

*air source heat pump*

*air source heat pump*

*air tightness membranes and tapes*

*triple pane fiberglass windows*

## CLIMATE DEFENDER SPONSORS

*lumber, fasteners and building supplies*

*InsulWeb fabric for cellulose insulation*

*radiant heating panels*

*cork flooring*

*radiant heating panels*

*cork sheathing insulation*

*inverter for solar system*

*Lunos HRVs*

*Novawood thermally modified decking*

*structural screws*

*standing seam roofing and corrugated siding*

*cellulose insulation*

*EssentialBoard sheathing*

## CLIMATE FRIEND SPONSORS

*Mycfoam insulation*

*roof and floor trusses*

*PureBond plywood panels*

*SONOclimat ECO4 insulated exterior sheathing*

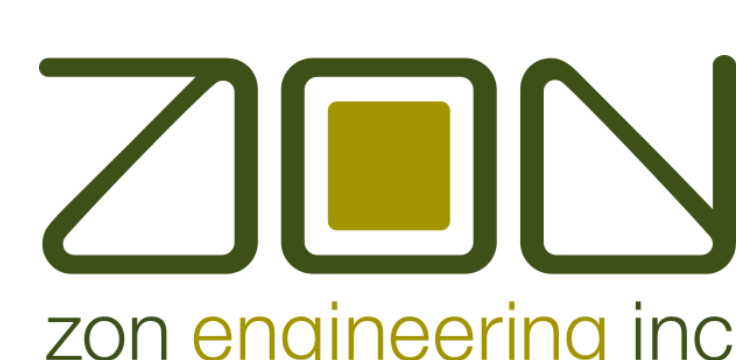

*non-toxic paints and finishes, wool insulation*

*building site in Peterborough*

*locally sourced wooden countertop*

*systems engineering*

*oil-finished, FSC certified ash flooring*
